

# School Partnerships Manager

## Purpose of the team:

The School Partnerships team work closely with Headteachers and leaders of Multi Academy Trusts to plan and deliver a two-year Leadership Development Plan (LDP) along with other Teach First programmes. Much of the work involves cultivating relationships with new schools and trusts as well as working with incoming participants, individuals who have signed up to the LDP.

## Purpose of the role:

The School Partnerships Manager is accountable for overseeing all school relationships in the region with individual and networks of schools, ensuring they are supported by utilising the full breadth of partnership with Teach First. The role leads on the development and implementation of a school engagement strategy to achieve high quality school relationships, with scope for growth, and to ensure school voice is integrated into our work in the region. The role is responsible for ensuring our participants (trainee teachers) are placed in line with school requirements and receive outstanding support from the school.

## At this level you will:

- **Impact:** Oversee the School Partnership team to deliver the strategy for high-quality school relationships, including incoming participant placement in line with regional priorities
- **Communication:** Manage internal and external senior stakeholders. This includes building excellent working relationships with colleagues in partner schools being the point of escalation within the team
- **Innovation:** Identify opportunities for partnerships with a solution-focused approach to the challenges facing schools.
- **Knowledge:** Have excellent, up-to-date knowledge of regional requirements and context. Proactively contribute to the success of the region as part of the East Midlands Senior Leadership team.

## Your responsibilities include:

- Work in partnership with approximately 80 secondary and primary partner schools, including multi-academy trusts, building and maintaining effective relationships alongside colleagues in the East Midlands
- Ensure all East Midlands participants (teachers) are placed in line with school requirements, regional strategy and the wider Teach First vision for children
- Work with schools to understand their need, connecting them to relevant services and partners through our School Partnership model
- Ensure all schools in which we place participants are risk-assessed and held accountable to their contractual requirements, including providing an effective training environment for participants
- Partner with schools that can accommodate participants for the School Centred Learning element of summer training
- Liaise with schools to resolve school relationship challenges or conflicts as required
- Work in partnership with colleagues across the organisation, including Legal and Graduate Recruitment, to ensure that participants are supported, cultivated and successfully retained prior to starting their summer training (Summer Institute)
- Be the main escalation contact for schools and head teachers
- Capture and understand school voice by organising termly regional school forums for headteachers and running an annual survey for partner schools across the East Midlands; including regular travel to schools including some evening and weekend working as required to support events and other team activities
- Play a key role on the East Midlands Senior team to liaise with Initial Teacher Development (ITD) partner colleagues and support the wider East Midlands team to meet their objectives
- Lead on the development and implementation of a regional school engagement strategy to achieve high quality school relationships, with scope for growth, and to ensure school voice is integrated into our work in the regional area

- Represent Teach First externally within the region
- Ensure excellent CRM through accurate and consistent use of our CRM database
- The critical responsibilities of this role are described above. They may be subject to change at any time due to reasonable accommodation or other reasons

## Person specification

### Essential Skills and experience:

- **Relationship Management:**
  - Experience managing relationships with, communicating to, and influencing a range of internal and external stakeholders to aid business development
  - Ability to adapt interpersonal style to clearly articulate an offer; able to read others well and adjust style to win people over
